Dave Gill ~ Health, Safety & Environment Manager
- 11.00 **Coffee**
- 11.15 **NISP Quick Wins Workshop**
Facilitated by the NISP South West team
- 13.00 **Lunch and networking**

CHANGING THE WAY WE DO BUSINESS

Committed to connecting industry and creating opportunity, NISP brings together companies from all business sectors with the aim of improving cross industry resource efficiency. What makes NISP different to other resource efficiency initiatives is that it deals with ALL TYPES OF RESOURCE – materials, energy, water and supports the sharing of assets, logistics and expertise.

Through NISP, companies can achieve substantial cost savings, generate sales from new markets and contribute towards creating an environmentally sustainable economy.

NISP ACHIEVEMENTS

From April 2005 to March 2010, the Programme has generated £176 million in additional industry sales and a further £156 million worth of industry cost savings. In addition, the diversion of 7 million tonnes of business waste from landfill has reduced the UK's industrial carbon emissions by over 6 million tonnes.

WHAT IS THIS EVENT ABOUT?

The NISP Quick Wins workshop will be held during the course of the South Wessex Waste Minimisation Group (SWWMG) quarterly meeting. The NISP South West team will facilitate an interactive session that will allow companies to exchange details about waste streams they 'have' on-site or 'want' as a resource. Remember to bring details of resources you wish to share or discuss on the day.

This event is limited to 50 places only so book your place fast!

BOOKING FORM – DEADLINE FOR REGISTERING 31ST AUGUST 2010

Name	
Position	
Company name	
Address	
	Postcode
Telephone	Email
Business sector	No of employees
I am unable to attend, but please keep me informed about NISP	YES / NO
